

# Public Safety Communication Bonds

## Fund Description

The Public Safety Communication Bonds fund provides for the repayment of general obligation bonds issued by the City of San Diego. Funds are used to pay annual installments of principal and interest over the useful life of the asset financed by issuance of the bonds. Currently, the only outstanding general obligation bond being repaid from this fund is the Public Safety Communication Project, which was issued in 1991 to fund updated communications equipment for fire and police forces. This fund is administered by the Financial Management Department, the City Comptroller Department, and the Debt Management Department.
